Photography is a 20-week, 1/2 credit course designed for art and non-art majors. The outcome of this course will be 8-10 powerful photographic compositions. In this course, you will learn...

- to use the camera as an art tool to capture great photographs, not just snapshots
- think about what you see and design strong photographic compositions
- learn about famous photographers and careers in photography
- reflect on your own photography and the work of your classmates
- learn and use Adobe Photoshop to create and manipulate digital images
- spend a substantial amount of time shooting images for various assignments

Assignments

- Weekly contact sheet of 40 images based on a variety of themes
- Top 2 images from each weekly theme
- Sketchbook assignments related to each individual project
- One 3-5 minute PowerPoint presentation on a famous photographer
- One research worksheet on a career in photography
- 5-7 large scale photo unit projects

Assessments

Weekly Contact Sheet and Images:
You will be given weekly grades for contact sheets and top 2 weekly images. Weekly contact sheets are worth 40% of overall grade and are out of 100 possible points. See weekly rubric for expectations and requirements.

Sketchbooks:
You will be required to complete sketchbook assignments related to each unit project. Sketchbook assignments are worth 20% of overall grade and are out of between 10 and 60 possible points.

Projects:
Rubrics will be provided at the beginning of all projects (including the presentation and research worksheet) outlining how they will be graded. Projects are worth 40% of overall grade and each project is out of 100 possible points.
